# STUDENT RETURN ON INVESTMENT

To earn a degree or certificate in the program, students experience costs in the form of tuition and fees, books and supplies, and the opportunity cost of attending school instead of working. In return for this investment, students can earn higher wages. For every dollar students invest in their education in the program, they will receive \$6.40 back over the course of their working lives. This investment can also be seen in terms of a rate of return of 26.4%. This is an impressive return, especially when compared to the U.S. stock market 30-year average return of 10.6%.

## **TAXPAYER BENEFITS**

Taxpayers will receive an estimated present value of \$2.8 million in added tax revenue stemming from the students' higher lifetime earnings and the increased output of businesses. Savings to the public sector add another estimated \$101.6 thousand in benefits due to a reduced demand for government-funded social services in North Carolina. Throughout the students' working lives, North Carolina taxpayers will receive a total of \$2.9 million in benefits.
