CAREER OUTLOOK

The BLET program can lead students into a number of occupations, which may include police & sheriffs patrol officers; first-line supervisors of police & detectives; and bailiffs. Many of the BLET program students will enter the Edgecombe County workforce.

Using the county number of annual openings for these occupations (six) and subtracting the FY 2019-20 ECC students that may fill these openings (20), we arrive at a surplus of 14 students.² The top three posting companies are: Town of Tarboro; University of North Carolina Hospitals; and Vidant Health.

STUDENT RETURN ON INVESTMENT

To complete the program, students experience costs in the form of tuition and fees, books and supplies, and the opportunity cost of attending school instead of working. In return for this investment, students can earn higher wages. For every dollar students invest in their education in the program, they will receive \$6.10 back over the course of their working lives. This investment can also be seen in terms of a rate of return of 28.2%. This is an impressive return, especially when compared to the U.S. stock market 30-year average return of 10.6%.
