

# The Economic Value of Surry Community College

Surry Community College (SCC) creates a significant positive impact on the business community and generates a return on investment to its major stakeholder groups—students, taxpayers, and society. Using a two-pronged approach that involves an economic impact analysis and an investment analysis, this study calculates the benefits received by each of these groups. Results of the analysis reflect fiscal year (FY) 2019-20.

THE SCC SERVICE AREA

## ECONOMIC IMPACT ANALYSIS

In FY 2019-20, SCC added **\$190.8 million** in income to the SCC Service Area<sup>\*</sup> economy, a value approximately equal to **5.6%** of the region's total gross regional product (GRP). Expressed in terms of jobs, SCC's impact supported **4,131 jobs**. For perspective, the activities of SCC and its students support **one out of every 13 jobs** in the SCC Service Area.

### OPERATIONS SPENDING IMPACT

- SCC employed 661 full-time and part-time faculty and staff. Payroll amounted to \$17.4 million, much of which was spent in the region for groceries, mortgage and rent payments, dining out, and other household expenses. The college spent another \$10.1 million on day-to-day expenses related to facilities, supplies, and professional services.
- The net impact of the college's operations spending added **\$20.8 million** in income to the regional economy in FY 2019-20.

### STUDENT SPENDING IMPACT

- Around 11% of students attending SCC originated from outside the region. Some of these students relocated to the SCC Service Area. In addition, some in-region students, referred to as retained students, would have left the SCC Service Area for other educational opportunities if not for SCC. These relocated and retained students spent money on groceries, mortgage and rent payments, and other living expenses at regional businesses.
- The expenditures of relocated and retained students in FY 2019-20 added **\$5.9 million** in income to the SCC Service Area economy.

## ALUMNI IMPACT

- Over the years, students have studied at SCC and entered or re-entered the workforce with newly-acquired knowledge and skills. Today, thousands of these former students are employed in the SCC Service Area.
- The net impact of SCC's former students currently employed in the regional workforce amounted to **\$164 million** in added income in FY 2019-20.

## INVESTMENT ANALYSIS

### STUDENT PERSPECTIVE

- SCC's FY 2019-20 students paid a present value of **\$5.7 million** to cover the cost of tuition, fees, and supplies. They also forwent **\$16.9 million** in money that they would have earned had they been working instead of attending college.
- In return for their investment, students will receive **\$112.8 million** in increased earnings over their working lives. This translates to a return of **\$5.00** in higher future earnings for every dollar students invest in their education. Students' average annual rate of return is **24.4%**.

### TAXPAYER PERSPECTIVE

- Taxpayers provided SCC with **\$20.3 million** of funding in FY 2019-20. In return, they will benefit from added tax revenue, stemming from students' higher lifetime earnings and increased business output, amounting to **\$28.5 million**. A reduced demand for government-funded services in North Carolina will add another **\$2.1 million** in benefits to taxpayers.
- For every dollar of public money invested in SCC, taxpayers will receive **\$1.50** in return, over the course of students' working lives. The average annual rate of return for taxpayers is **4.5%**.

### SOCIAL PERSPECTIVE

- In FY 2019-20, North Carolina invested **\$47.9 million** to support SCC. In turn, the North Carolina economy will grow by **\$315.7 million**, over the course of students' working lives. Society will also benefit from **\$7.1 million** of public and private sector savings.
- For every dollar invested in SCC in FY 2019-20, people in North Carolina will receive **\$6.70** in return, for as long as SCC's FY 2019-20 students remain active in the state workforce.
